

## SA & VIC

### 36,400L - 50,050L WATER TANKS

The Team Poly 36,400L to 50,050L polyethylene corrugated round water tanks are designed for large scale water harvesting. The unique to Team Poly 'inverted tank roof' allows greater water catchment surface area while it can be easily connected to large volume rainwater catchment sheds or other roofing structures.

#### FEATURES

- Corrugated profile, an Australian tradition
- 14 COLORBOND® tank colours to complement sheds, fences or other structures
- Available in four size options: 36,400, 40,950, 45,500 & 50,050 litres
- Manufactured from food grade polyethylene to meet Australian Standard 4020 (Testing of Products for Use in Contact with Drinking Water)
- UV stabilised polyethylene used to ensure Team Poly tanks are made tough for harsh Australian climate conditions
- Overflow screen, manhole cover, rainhead and a 38mm brass fitting supplied standard with each tank
- 25 year pro rata warranty
- The inverted lid design is self supporting and can be used as an additional water catchment area
- Polyethylene will not rust or corrode over time
- Team Poly is accredited to AS/NZS ISO 9001 Management Systems

ROUND WATER TANKS						
LITRES	GALLONS	CHANNEL INLET STRAINER	LID CATCHMENT	DIAMETER (mm)	HEIGHT (mm)	WEIGHT (kg)
36,400	8,000	yes	yes	4,400	2,800	725
40,060	9,000	no	no	4,400	2,800	725
45,500	10,000	yes	yes	4,400	3,420	900
50,060	11,000	no	no	4,400	3,420	900

Dimensions may vary due to rotational moulding process. Colours shown are indicative only. Please refer to the manufacturer's colour chips for accurate colour representation.

### LID DRAIN CHANNEL

The lid drain channel allows water to be diverted into the tank or drained away from the base of the tank to prevent erosion.

### CATCHMENT OPTIONS

The volume of the tank will vary depending upon whether the channel inlet is used or not. With both options the rainhead will still be used on the drain overflow. The rainhead screen prevents the drain overflow from being blocked but still allows leaves and debris to be cleared by the water flow and wind.

### DELIVERY

Deliveries of 36,400L to 50,050L water tanks will be made free of charge within the green shaded areas below. For further information please call Team Poly Customer Service on 1300 658 961.

Please Note : Team Poly may be unable to deliver to all ZONE E locations as illustrated on the Delivery Zone Maps on this page.

Please call Team Poly Customer Service on 1300 658 961 for further information.
